

(Shown here on Saker Tab-Tension Series)

MaxWhite Fiberglass (FG) is fiberglass backed for added stiffness which provides the flattest possible non-tensioned screen surface with universal applications. This material provides wide viewing uniform diffusion while giving precise definition, color reproduction and black & white contrast. The screen surface has a black-backing to eliminate light penetration, is mildew resistant and washable with mild soap and water.

On axis 0° Gain: 1.1  
Viewing Cone: 180°
