

EB-G6070W

DATASHEET

Deliver sharper, clearer presentations with this powerful 5,500-lumen WXGA installation projector with 3LCD technology and a range of innovative features

The EB-G6070W is a professional installation projector ideal for corporate environments, education applications, rental markets and digital signage. Important presentations and sales campaigns are delivered with rich, vivid colours - even in daylight, thanks to Epson's 3LCD technology and equally high White and Colour Light Output. This projector can even be placed in difficult positions thanks to a number of innovative installation features.

Ensure superb quality and the best possible delivery of presentations with the EB-G6070W. This 5,500-lumen projector includes Epson's 3LCD technology and high brightness to display images with more accurate colours and clearer detail. A new enhanced standard lens helps reduce flare and improve focus. Set-up and installation is simple and straightforward. A wide lens shift allows easy placement of the projector, even in difficult positions, without distorting or blurring the image. In addition, a powerful zoom lens, as well as manual vertical keystone correction and centred lens, make it even easier to set-up in various positions. The projector can also be rotated vertically by 360 degrees allowing images to be projected directly onto the ceiling and the floor¹. The EB-G6070W also includes a number of innovative features. Edge-blending enables a number of projectors to work together seamlessly to project a large, widescreen image. Five devices can also be connected to the projector through the HD-BaseT input using a 100m cable. With the HDMI input, users can connect to a variety of high definition devices to deliver high-quality content effortlessly.
