

ZD301

3D Glasses

Enter the 21st Century with Optoma 3D hardware.

When partnered with an Optoma 3D Ready/Full 3D projector, the Optoma ZD301 Glasses allow compatible content to be viewed in stunning stereoscopic 3D.

Our advanced single projector solutions create life size 3D images on any flat surface, inspiring the imagination while making this exciting technology simple, for everyone.

Lightweight and fully rechargeable

Protect your glasses - cleaning cloth and soft bag provided

DLP®-Link™ 3D Glasses

PRODUCT HIGHLIGHTS

Wireless 3D viewing using DLP® Link™ Technology:

Compatible with all Optoma 3D Ready/ Full 3D projectors.

Easy set-up:

Auto-sync with on-screen image.

Energy Efficient:

Auto Power-off to save battery life.

Durable:

Robust design with flexible folding arms.

Versatile:

Can be worn over prescription glasses.

SPECIFICATIONS

3D Refresh rate	96/100/120/144Hz (48/50/60/72Hz per eye)
Dimensions (W x D x H)	170 x 168 x 40 mm
Weight	37g
Power	Rechargeable lithium polymer
Battery Life	Up to 15 Hours (Full charge in 2 hours)
Display requirements	Projector / Display must support DLP® Link™
Standard accessories	Soft carry bag, cleaning cloth, 2x nose pieces, USB charging cable

ZD301 - 3D Glasses

3D TECHNOLOGY

Using the inherent speed of DLP technology, Optoma 3D Ready projectors can output video and images at an astonishing rate of 120Hz, allowing you to show full screen, full colour, stereoscopic 3D. The 3D effect is generated by splitting this signal into two standard video streams, one for each eye. Using DLP® Link™ technology, the 3D glasses synchronise with the image on screen to filter each stream to the correct eye. Your brain then combines the two streams to make them jump into life.

The 3D features of Optoma projectors can only be used with compatible 3D content. Typical applications include use with 3D educational or 3D design and modelling systems. Support for 3D TV broadcast systems, (SKY in the UK), Blu-ray 3D™ and 3D games from the Sony® PS3 or Microsoft® Xbox 360 will only work on an Optoma Full 3D projector. See website for updates.
