

LightStream™ 3,100 Lumens WXGA Projector

PJD5555Lw

The ViewSonic LightStream™ PJD5555LW price-performance projector features 3,100 lumens, native WXGA 1280 x 800 resolution, intuitive, user-friendly design and a sleek white color chassis. SuperColor™ 6-Segment Color Wheel maximizes color saturation and brightness for true-to-life image projection, while SonicExpert™ technology delivers improved sound quality. The PJD5555LW also features connectivity including two input ports, HDMI and VGA, and a RS232 control port. An energy-saving DynamicEco® feature reduces power consumption by up to 70%, and extends the lamp life by up to 10,000 hours. With advanced audiovisual features, flexible connectivity options, and an affordable price, the PJD5555LW is ideal for use in education and small business environments.

EPSON, NEC, Hitachi (3LCD projectors) Distance

Match

With a throw ratio ranging from 1.49 to 1.79, this projector is primed to replace typical 3LCD projectors (EPSON, NEC, Hitachi, Panasonic, Sony) without having to move or re-install existing ceiling mounts. Also equipped with a 1.2x optical zoom lens, this projector provides mounting flexibility with a wider throw distance range.

Widescreen Brilliance

With high resolution 16:10 WXGA (1280 x 800) display, this projector is the affordable solution for modern day widescreen devices. Whether connecting it to a widescreen notebook in the conference room, or watching 720P HD content in the classroom, distortion-free images with matching aspect ratio are guaranteed. It is also backward compatible with 4:3 content.

HDMI for One-Cable Connectivity to HD Devices

The best and easiest way to connect to most modern HD devices is through an HDMI (High Definition Media Interface) cable. HDMI carries both video and sound thus limiting the requirement to attach an additional audio cable.

SuperColor™ : Best in Class Color Accuracy

ViewSonic's exclusive SuperColor™ Technology offers a wider colour range than conventional projectors for true-to-life color performance in any light. SuperColor™ 6-Segment Color Wheel maximizes brightness with

the highest colour saturation over others in the same class.

SuperColor™ projectors offer color accuracy levels

Conventional projectors offer low-quality images

SonicExpert™ Clear, Comfortable and Louder Sound

Following groundbreaking and exclusive speaker developments - transducer and chamber re-design - LightStream projectors deliver superior audio performance than competitor projectors. The compact yet powerful speakers sound stronger and enable sound to travel further, powerful enough to fill your meeting room with wall-to-wall sound.

Bright Images for Any Environment

Packed with 3,100 lumens the PJD5555Lw is guaranteed to produce bright images in any environment - even in rooms with high ambient light. The impressive 18,000:1 contrast ratio also ensures that dark and bright areas are more black and white and less grey in appearance.

Easy-of-Use Pre-Set Colour Modes

Providing 5 pre-set colour modes, users can choose the best one to suit their material. These 5 modes are: Brightest Mode for environments where extra-high brightness is required; Dynamic Mode for presentations with a lot of text; Standard Mode for matching PC or notebook colour; ViewMatch Mode for general viewing; Movie Mode for watching movies with better saturation in a dark environments.

Normal

ViewMatch® Color Mode

144Hz 3D Compatible for Exciting Visual Effects

You'll have amazing 144Hz 3D capabilities at your disposal with this LightStream Projector. All that's required to unlock this stunning 3D are optional ViewSonic 3D active shutter glasses (PGD-350) and a 3D source

Hide Unsightly Cables

An optional cable management hood connects onto the back of the projector to hide unsightly cable clutter and exposed ports.
