

AV813

PROJECTOR CEILING MOUNT

DESCRIPTION

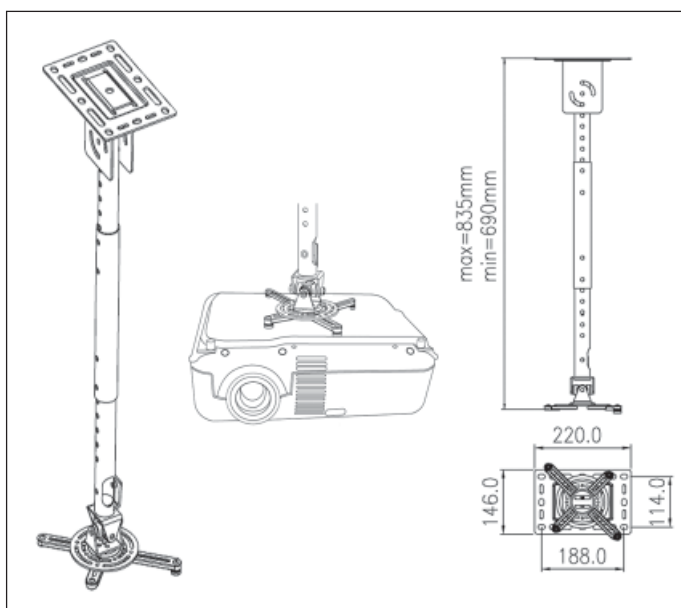

Its extremely flexible design allows you to fit almost any popular projector in the industry under 44 lbs (20kg). It is featured with 2 different length of extension arms that allows flexible positioning to fit almost any projector mounting point. With these extensions, arms position around lamp and filter have easy access/maintenance to maximize lamp life. With spacers provided, the mount is able to adapt to any projector base, no matter how oddly shaped, to maintain a level installation.
