PRODUCT DESCRIPTION

The celexon Professional height adjustable display Trolley Adjust-55120MP with a load capacity of up to 140kg is perfect for use in different environments and is suitable for displays from all major suppliers. The height can be adjusted from 166 - 182 cm.

The trolley is made of painted steel with 4 heavy duty castors making it easy to move while offering a secure base. Two lockable castors offer protection against unwanted movement. If you do not need the mobility, you can replace the castors with the four included feet.

These trolleys offer enormous convenience of use thanks to an integrated shelf and wide base plate that serves as additional mobile storage space.

celexon Professional Adjust-55120MP
