

EB-2140W

DATASHEET

Deliver perfect presentations with a projector that offers a great brightness of 4,200 lumens and a scalable image size of up to 300 inches.

Bring sharp images and bright colours to any meeting room with our super-bright new business projector, which offers a great brightness level of 4,200 lumens, as well as HD-ready WXGA resolution. The EB-2140W is designed to project a scalable image up to a massive 300 inches, and offers connectivity options such as optional wireless LAN.

Up to 300-inch display and outstanding quality

HD-ready WXGA resolution combined with Epson's 3LCD technology ensures high-quality content has more vivid colours and brighter images. HDMI connectivity guarantees sharper and clearer content, even at the maximum image size of 300 inches.

Simple setup and connectivity

Offers auto power-on and a array connectivity options including two HDMI connections and optional wireless LAN connectivity to stream content from laptops or mobile devices.

Keep costs down

Project for longer with improved reliability and a longer lamp life of up to 10,000 hours in eco mode.

Home screen

The home screen offers quick and easy access to a variety of useful functions, such as connection sources. Wireless connections can also be made easily using the information on screen.

Value add flexibility

The Multi-PC projection software bundled with the EB-2140W makes it possible to connect with up to 50 computers and partition the screen for split-screen projection capability - offering far better cost-effectiveness and flexibility than a flat-panel display.

KEY FEATURES

- **Up to 300-inch display and great quality**
HD-ready WXGA resolution with Epson's 3LCD technology
- **Project bold images even in bright rooms**
Outstanding 4,200-lumen brightness
- **Stream and share connectivity**
