

NEC P501X

Order Code: 60003450

NEC Professional Projector

Perfect for mid to large meeting rooms as well as classrooms in higher education where semi-professional high brightness performance is required, the P501X is a very bright and compact conventional projector recommended for screen sizes of up to 140". Thanks to the compact design, large optical zoom of 1.7x, vertical lens shift and vertical and horizontal keystone correction, flexible integration into any room is a reality, saving unnecessary installation costs.

Customers that need advanced connectivity benefit from remote control and monitoring over wired and wireless (optional) network, also content transmission including audio is supported. An optional adapter for Intel® WiDi even allows high quality video and audio transmission in excellent quality. A large number of input options allow you to connect all types of digital and analogue input signals.

BENEFITS

Affordable Large Screen projection - ideal for larger corporate or education venues and auditoriums.

Full Connectivity and Media Playback - stay up to date with today's playback demands with a wide range of interfaces and assured playback of all major media formats.

Professional and Flexible Installation - versatile projection characteristics allow for simple positioning of the projector, making installation easy and potentially saving set up costs.

Free Download of Multi-Display Management Software - with NaViSet Administrator 2 you can manage all your connected display devices from a centralized location.
